### Break Corruption in Social Security

You've probably never heard of Congressman Jim McCrery, but he's just gotten tremendous power over your future. He's President Bush's ally who's been charged to push Social Security privatization through the House of Representatives. Incredibly, **McCrery accepted nearly \$200,000 in campaign contributions from the very Wall Street firms that stand to benefit the most from privatization.**

Help us break McCrery's conflict of interest and protect our Social Security. Please help us raise the \$18,500 needed to launch a multi-media advertising expose on McCrery starting with the above ad in his two hometown newspapers – which will reach tens of thousands of his own voters and attract the national spotlight. **Help us remind Rep. McCrery – very publicly! -- that he's been hired to work for Main Street NOT Wall Street!**
